# Premium, Cost-Effective ACT Preparation

## Saturday, February 3, 2024, 9:00 a.m. to 3:30 p.m.

### Chardon High School

**Test-optional college admissions is quickly disappearing!** This year over 400 more U.S. colleges and universities are returning to test-required or test-recommended admissions—with even more indicating that 2023-24 will be their last year for the test-optional experiment. To be sure, selective colleges, special programs, and scholarship providers see a student's performance on the SAT or ACT as a highly critical factor in their evaluation of that student's academic prowess. ***In short, in a post-COVID world, college entrance exams are regaining their importance.***

Our six-hour preparation seminar helps demystify the ACT by explaining

- the test's structure,
- the academic content covered on it, &
- testing & time management strategies students can employ to maximize their performance.

**Students learn specific, tangible strategies to answer more questions correctly, how to decipher questions designed to thwart their performance, & specific academic content that is regularly tested on the ACT.**

Each participant gets

- six hours of live, engaging, interactive instruction,
- a guided outline of strategies to approach the ACT,
- a comprehensive, 400-page, reference workbook,
- online access to over 1000 additional practice test questions,
- a 5-week ACT study plan, &
- free, live, phone-in, pre-test tutoring,

Next Level Prep is a national leader in SAT & ACT preparation. We currently work with over 100 high schools here in Ohio alone & thousands of students (urban, suburban, & small town/rural) each year in states around the country. Our typical students see a **2.0 composite point increase** on the ACT after taking our seminar.

**Our engaging instructors consistently score 94%-plus A ratings on student evaluations.** So, students emerge justifiably confident—with decidedly less anxiety—about their prospects on the test.
